Personal:

Name: Peter J. Knaggs

Address: 159 Monks Road,
Exeter, Devon.
EX4 7BQ

Home: 01392 253 747
Mobile: 07834 812 217

Web Page: `www.rigwit.co.uk`

eMail: `pjk@bcs.org.uk`

Qualifications:

1994 Ph.D. "Theoretical and Practical Aspects of Forth Software Development"
University of Teesside, Middlesbrough, Tees Valley, UK.

1987–1988 Polytechnic Graduate Diploma in Computer Science (Software Engineering)
(Distinction), Teesside Polytechnic, Middlesbrough, Tees Valley, UK.

1985–1987 HND Computer Studies (Industrial Systems) (Credit),
Teesside Polytechnic, Middlesbrough, Tees Valley, UK.

1983–1985 OND Computer Studies (Pass),
Chippenham Technical College, Chippenham, Wiltshire, UK.

Skills:

Programming: C; C++; Forth; Java; PERL; PHP; Pascal; COBOL; RTL/2; csh; bash; JavaScript; J2EE/EJB (limited); SQL; AJAX (limited); Haskell (limited).

Markup: LaTeX; XHTML; HTML5; CSS.

Assembler: 8080; Z80; 68000; ARM (v6); SPARC; MIPS (limited).

Specification: UML; SSADM; Z; VDM, VDM++.

Administration: Unix (Centos, Sun Solaris);
Web server (Apache);
Course Tutor;
Conference Organiser / Char.

Author: Forth200*x* Standard (ed);
Compiler Design with Flex and Bison in ANS C;
Systems Programming (with C and Unix);
ARM Assembler Language Programming;
68000 Assembler Language Programming;
Data Driven Web Sites Using PHP and MySQL;
An Introduction to Oracle: SQL*PLUS.

Employment History:

2008–2011 Teaching Fellow, University of Exeter.
1999–2008 Senior Lecturer, Bournemouth University.
1998–1999 Lecturer, Bournemouth University.
1992–1998 Lecturer, University of Paisley.
1988–1992 Lecturer (Part-Time), Teesside Polytechnic.
1988–1991 Research Student, Teesside Polytechnic.

Significant Dates:

Professional:

2010–	Professional member of the British Computer Society (BCS)
2004–	Editor of the *Forth200x* Standard
2003–	Fellow of the Higher Education Academy (HEA)
1998–1999	Member of the ANS X3J14 Standards committee for the Forth Language
1986–2010	Affiliate member of the British Computer Society (BCS)

Research:

2002–	Secondary chair for euroForth conference.
1994–2001	Program chair for euroForth conference.
1998–2000	General editor for the *Journal of Forth Application and Research*.
1995–1998	European editor for the *Journal of Forth Application and Research*.
1988–1991	Research Student, Teesside Polytechnic.

Administration:

1994–2004	Web Site Administrator (Apache).
1994–2004	Unix Systems Administrator (Centos, Solaris).
1994–1998	Departmental Library representative.
1993–1998	Member of the special needs advisory group.

Course Design:

2010	B.Sc. Information Technology Management for Business
2010	B.Sc. Mathematics and Computer Science
2005	B.Sc. Computing Framework (Computing, Software Engineering, Software Engineering Management and Software Product Design)
2000	B.Sc. Computing / Software Engineering Management
2000	M.Sc. Software Engineering
1997	M.Sc. European Information Technology Support
1996	B.Sc. Computing / Software Engineering
1991	B.Eng. Instrumentation & Control / HND Computer Science

Taught Units:

Year 1:	Systems Architecture	Data Structures and Team Project
	Systems and Networking	Systems Analysis and Design
Year 2:	Real-Time Systems	Industrial Systems Implementation
	Systems Programming	Requirements Engineering
	Operating Systems	Requirements Analysis and Specification
	Graphics and Animation	Internet System Development
	Information Systems	Internet Software Application Technologies
Final Year:	Compiler Design	Compilers and Interpreters
	Programming Languages	Internet Application Development
	Enterprise Computing	Distributed Computer Systems
	Formal Modelling	Formal Specification
Masters:	Software Engineering	Formal Descriptive Languages
	Systems Architecture	Systems Analysis and Design
	Tools and Techniques	

Consultancies:

- Real-Time Communications
- Robotic Control
- Web Development
- Compiler Design / Code Generation
- Safety Critical Documentation Tool (for FDA approval)
